To whom it may concern,

I am pleased to recommend **Zandtbox** for the implementation and support of a Learning Management System (LMS).

We engaged Zandtbox, represented by **Karl Tischlhauser**, to implement our LMS. The project was delivered professionally, within agreed timelines, and in alignment with our organisational requirements.

The system has improved our training processes by providing a reliable, user-friendly platform for managing learning content, tracking progress, and supporting both learners and administrators.

Throughout the engagement, Karl demonstrated strong technical expertise, clear communication, and a practical, solutions-focused approach. Zandtbox provided consistent support and ensured the system was effectively tailored to our needs.

We would confidently recommend **Zandtbox** to any organisation seeking LMS implementation and support services.

Should you require any further information, please feel free to contact me.

Sincerely,

Dianne Potgieter
